3rd October 2010	Mid Wales Shooting Centre	DTL Final
17th October 2010	Mid Wales Shooting Centre	All Round Final

County Qualifier Information

Due to complexity of the new rolling membership system - could all people please produce their valid membership cards and present them to the county co-ordinator so that their scores can be counted for county qualification.

Shooting the county qualifiers or finals with a lapsed WCTSA membership will render your scores invalid and they will be discarded from the relevant competition.

Angie Goodman - January 2010

County Final Information

We would like to remind travelling shooter's that Welsh county finals are "closed shoots" i.e. only the people that have been selected to represent their counties will be entitled to shoot on that day.

We feel this reminder is necessary due to the fact that extra people are turning up at these events who have not qualified to shoot for their county - which is causing problems because getting through an already large number of squads is difficult anyway, but extra people slow the process down even further and make for a very long day.

Angie Goodman - April 2009

2010 County Qualifier Dates:
