

HOME INTERNATIONAL 2019 SCOTLAND

SEPTEMBER 04-SEPTEMBER09 2019

REPORT

Most of the team arrived at the Riverside Hotel on Wednesday September 04

Remainder of the group arrived early Thursday for shooting practice.

Weather was not kind, very high winds mixture of dull and brightness in between showers.

The four ABT layouts were all different, ground sloping away, then up a very large hill, wind caused problems with targets as they constantly danced about.

The ground was not wheelchair friendly, very rough and stony terrain sloping Up hill. There was no room on lay out 4 for shooters to pass inside, they had to walk from 5 peg out and around the layout. Practice went well.

The draw for the teams were given to all Team Managers and Captains, members were told times and layouts. Returned to hotel, which was of a very high standard, with accommodation and food. The meeting with most of the team took place in the bar later.

FRIDAY. All team members were at the grounds ready to start shooting by 09.00 hours. Weather again was very, very windy, dull with bright periods.

Team Managers did not have to set targets with the Captains. I don't know why? I did help with picking up some sheets and checking that the team members were ready to shoot on time on each squad.

SATURDAY – DAY 2 Should have started shooting at 08.30 after checking all targets and layouts. However the sun caused large shadows to be cast across the layout and targets could not be seen coming out of the trap house.

Delayed until 09.15 all shooting started then, and finished at 16.00.

Scores enclosed on another page.

All members of the team were at the hotel ready for photos to be taken before the banquet started.

The meal was of a very high standard, presentation of cups, badges and photo session took place after the meal. Banquet finished at approx. 22.30

## TROPHY WINNERS
