9. To liaise and work with their elected Team Manager.

7. Welsh Team Selection Procedures

1. The eligibility criteria for anyone wishing to represent any Welsh clay target shooting team at an international event under the authority of the ICTSC, ICTSF, or any other sanctioned event where a Welsh team is competing are as follows:-
    a. Must be a fully paid-up current member of the WCTSA.
    b. Must comply with at least one of the following criteria:-
        i. Born in Wales
        ii. Parent or grandparent born in Wales
        iii. Currently reside in Wales and have lived in Wales continuously for 1 year or more prior to the commencement of the qualification process
        iv. Married to a Welsh National, i.e. married to someone born in Wales
    c. If a member has already represented another country in any discipline, they must fully comply with the following ICTSC procedure in addition to the above before being eligible to shoot for Wales:-
        i. A minimum period of two years must have elapsed between last shooting for another country and first shooting for Wales
        ii. The member must obtain confirmation in writing from the relevant National Association that they agree to release them from their obligation
        iii. The ICTSC must approve the transfer in advance & no later in the year than at the February council meeting.
2. HCIT Welsh Team Selection Shoots
    a. Each discipline will hold a series of selection shoots with an agreed number of best scores to count towards team selection. Grounds will be invited to apply to host the selection shoots prior to the Board of Management meeting held at the end of each year. The applications will be reviewed, and Discipline Representatives will discuss how they should be awarded. These will then be proposed by the Discipline Representatives & approved by the Board, along with any other selection criteria deemed necessary.
    b. The dates of the shoots will be arranged by the relevant Discipline Representatives and submitted to the Board for approval. These dates and venues will then be placed on the WCTSA website and social media platforms. Grounds may advertise their respective shoot(s) on their own platforms but only AFTER they have been announced by the WCTSA.

c. The selection procedure for each discipline i.e. number of scores to count from the number of selections held can be found in Appendix 2 and will be published on the WCTSA website and social media platforms.

d. Prior to the commencement of any selection process, Discipline Representatives will propose a minimum qualifying score (MQS) or points different system for each category, which is then approved by the Board. A shooter must achieve the relevant MQS or be within the allocated number of points at least once at a selection shoot to be considered for team selection (unless otherwise noted.)

   The current qualifying procedure for each discipline can be found in Appendix 4.

e. International Status:

   Shooters attain international status when they have shot for Wales at an ICTSC sanctioned Home International, or when they have represented Wales at another international competition which was sanctioned by the WCTSA board.

   Other competitions, such as World and European championships, where Wales is invited to send a representative team may give international status if the WCTSA Board ratifies the event. These other competitions must involve a Board approved selection procedure agreed in advance and would be subject to the same MQS's/ points difference system set above. Shoot entry fees and expenses may be paid to shooters competing in events other than the Home Internationals. This is dependent on Discipline Representatives submitting a proposal to the Board before the event is to be held, and in line with current Board policy on expenses.

f. If a discipline is holding team selection shoots at more than one ground, then shooter must count scores from a minimum of 2 grounds. This is to prevent shooters qualifying for team selection having only shot at a single ground, which may also be their practice ground. The aim of the selection procedure is to have a team comprised of the best shooters overall rather than the best shooters at a particular ground. Any shooter submitting scores from only one ground when at least 2 grounds have held qualifiers will NOT be considered for selection to represent Wales.

   Each discipline may introduce their own specific qualifying criteria in addition to the two-ground rule above, provided this is ratified and minuted at a WCTSA Board meeting.

g. Scores to count for team selection purposes must be from a completed competition, i.e. shooters must attempt to shoot at all presented targets. Partially completed competitions where shooters have withdrawn or failed to address all the targets will NOT count.

3. HCIT Selection Procedure.

a. Each discipline will hold a specified number of selections shoots every year. Any member who has not competed in the required minimum number of shoots, met the specified MQS/ points difference system or any other stipulated criteria will not be eligible for the team. The minimum number of shoots required to be eligible for the team is equal to the number of scores to count as outlined in Appendix 2.

b. A team selection procedure cannot be changed once the selection process has begun, unless there are extenuating circumstances which have been approved by the Board.

c. Team selection is on a points basis and points are calculated from the highest Welsh member's score at the event. The highest Welsh member will attain 0 points, and all other members will attain points equivalent to the difference between their score and the high gun score, i.e. 4 points will be awarded for a score of 92 where the high gun score was 96. For events held over more than one day, points will be calculated from the high gun of each day.

d. The members who have the lowest points from the scores to count shall be selected for the team provided they meet all the qualifying criteria.

e. Members who qualify for the team in more than one category will be given the choice of which category they wish to represent. Shooters must make discipline representatives aware of their preferred category by the end of the last qualifier. This does not exclude them from other eligible categories. This will allow team selection/ announcements to happen more efficiently. Eligible categories can be found in Appendix 8.

f. When a shooter is eligible for more than one category, they will only be eligible for awards in the category they choose to shoot. E.g. if a Lady shooter chooses to shoot in the senior team, they will be entitled to win awards in the senior category only. No lady awards can be claimed.

g. The Welsh team for each discipline shall consist of Seniors, Ladies, Juniors Veterans and Super Veterans. The number of shooters in each category for disciplines can be found in Appendix 3.

h. Any ties for team positions will be decided by determining the highest average score from

the shooters selection scores (number of scores to count depending on discipline.) Should there still be a tie, the shooter with the highest score will be awarded the team place.

i. Announcement of the Final Team - Official announcement of the Welsh Team for each discipline will be done on the WCTSA website and social media once all scores and selection criteria have been checked and verified. This will NOT be completed on the day of the last selection shoot to ensure no errors are made.

j. When a shooter is offered a team place, they must confirm their acceptance to the Team Manager / Discipline Representative within **3 days** of their team place being offered.

k. Shooters representing GB who wish to represent Wales will be required to follow the selection process. If they are unable to attend enough selection shoots due to GB workload, then they will be welcomed to represent Team Wales providing it does not displace a Team member who has qualified outright by following the process. However, if the selection process is not followed, their points will contribute to Team placing but the shooter will not be eligible for Welsh Trophies at the Home International.

4. Course setters in English Sporting and FITASC Sporting who set up a Welsh qualifier course
   a. Ground owners / target setters are allowed to compete at their own shoots.
   b. However, should a ground owner / target setter achieve the highest score on the day, they are not eligible for any high gun or class monetary prizes.
   c. Should the ground owner / target setter be high gun, they are still eligible to receive 0 points for team selection purposes, but all other shooters points will be calculated from the next highest Welsh shooter's score, not from the ground owner's / target setter's score.
5. Welsh Team Member Standards and Responsibilities
   a. For any member gaining a Welsh team place it is mandatory to acquire, as a minimum, the official Wales team uniforms described below.
      i. Official Team Wales shooting vest, which must be purchased from the WCTSA General Secretary.
      ii. Official Team Wales polo shirt, which can be purchased from Sional. Limited old stock is available from the WCTSA General Secretary.
      iii. The WCTSA will provide an official Team Wales shooting at half price to all new cap international Junior category shooters.

   ii. Official WCTSA Wales team polo shirt.

   iii. Black trousers or black shorts.

   iv. No garment can be worn over the shooting uniform when in the act of shooting except in exceptional circumstances e.g. rainwear.

   v. Failure to adhere to the above regulations will result in disciplinary action, which may include the withdrawal of expenses where applicable, and / or the sanction of exclusion from future Wales teams.

   vi. Sponsorship of Welsh team clothing or accessories may be permitted provided a request has been submitted to the Board for approval. In every instance this must be ratified in advance by the Board to ensure that both the WCTSA & ICTSC guidelines regarding advertising are met.

d. Welsh team dress uniform must be worn at opening and closing ceremonies, awards & presentation ceremonies, team photographs & banquets or when requested by the Team Manager.

   The Wales team dress uniform which MUST be worn by all team members, is made up as follows:-

   i. Men - Black blazer displaying the official Wales Team blazer badge (wire) supplied by the WCTSA, on the breast pocket. Mid grey flannel trousers, white shirt with collar, Wales Shooting Team tie, grey socks, and black shoes.

   ii. Ladies - Black blazer displaying the official Wales Team blazer badge (wire) supplied by the WCTSA, on the breast pocket. Mid grey skirt or trousers, white blouse with collar, Wales Shooting Team cravat and black shoes.

e. Without exception the relevant uniforms as described above must be worn at the appropriate times whilst representing Wales. Failure to wear the correct uniform as instructed may exclude any member from taking part in the event and will subsequently result in disciplinary action being taken by the WCTSA against the member(s) concerned. Should the correct uniform not be worn, the disciplinary action will be as follows;

I. First offence, a letter will be sent from the Chairman reminding them of the rules.

II. Second offence, shooters will receive a fine totalling the cost of their banquet ticket, entry fee and permit where applicable. Fines must be paid within 4 weeks for shooters to be eligible for future Welsh team selection. Payment outside of this time scale will incur a 5 point penalty to their total qualifying points for the following year.

III. Third offence, shooters will not be eligible for Welsh team selection for the following year.

f. All team members attending an event must make themselves available for any opening and closing ceremonies, awards & presentation ceremonies, team photographs & banquets. Failure to do so without any prior agreement with the Team Manager or Board may result in disciplinary action being taken and any expenses withheld.

Any of these requirements will be communicated to each team member by the designated Team Manager or through instruction from the Board by the General Secretary.

g. Any expenses to be paid to team shooters when sanctioned by the Board will be done so electronically, and shooters are required to provide relevant bank details to allow secure electronic transfer of funds to their designated account.

h. All team members of a WCTSA sanctioned event will receive an official written invitation, certificate and any other relevant information from the General Secretary. This will include details of the competition, arrangements for the event and all the rules with regards to dress code.

i. Welsh Team Fees / Expenses

i. All shoot entry fees for team members attending a Home International Tournament will be funded by the WCTSA.

ii. Each team member will also be allocated a ticket for the post-shoot banquet, and it is a condition that shooters attend unless previous dispensation has been granted by the Board.

iii. For attending Home International events and other team specific events sanctioned by the Board, shooters may be paid a nominal amount towards their expenses. This will vary dependant on the geographic location and current Board finances.

iv. The amount of any expenses is at the discretion of the Board.

v. Current expenses being paid can be found in Appendix 5.

vi. Shooters will also be reimbursed for any gun permits required to travel.

j. Welsh Team Accessories

The Board may sanction the production and sale of specific ancillary Welsh team or WCTSA branded accessories e.g. tracksuits, sweatshirts, hoodies etc. Welsh team accessories may only be worn / purchased by members who have attained International team status or who are part of an official team which has been sanctioned by the Board. The Board reserves the right to amend, review and alter items available for sale and their prices, subject to agreement at Board meetings. WCTSA branded items may be purchased by any current member.

8. Welsh Team Manager Responsibilities

1. Team Managers for the coming year will be confirmed by the Board.
2. Non-members can apply for the position of team manager. However, they must have previous experience of attending Home International and Banquet events. Any non-member wishing to become a team manager will need 3 shooters/ members/ team members to vouch they are capable and suitable for the role. The applicant will also require approval from the board of management.
3. Applications for these posts should be made in writing to the WCTSA Board who will make the appointment.
4. The appointment is on an annual rolling basis, with the understanding that the position is one of continual assessment by the Board. If they feel the incumbent is not fulfilling the role to a satisfactory standard, then immediate notice of termination may be given following the home international event that year.
